

OHIO SEA GRANT

College Program

More than 12,000 children and adults went through the Visitors Center in its inaugural year.

Aquatic Visitors Center

Thanks to a partnership between the Ohio Department of Natural Resources (ODNR) Division of Wildlife and Ohio Sea Grant, the Aquatic Visitors Center on Lake Erie's South Bass Island reopened its summer doors to visitors in 2009. Through hands-on science activities and live displays, visitors learn about Lake Erie's strong fisheries history and what programs like Sea Grant and ODNR Wildlife are doing to protect and conserve the lake's unique inhabitants.

Increasing Stewardship through Tourism
