

Climate Ready Ohio

Module 2 Notes

The Climate Ready Ohio PowerPoint slides are designed to replace or complement some of the slides in Climate Ready Great Lakes. In addition, these notes provide suggestions for small alterations to the standard Module 2 text to make the presentation more applicable to Ohio audiences.

The Climate Ready Great Lakes modules and supporting information are available at <http://www.regions.noaa.gov/great-lakes/resources/climate-ready-great-lakes>.

Slide 10: The Ohio State University Climate Change Outreach Team webinar series included a presentation on the Chicago Climate Action Plan, from April 2012. You may want to consider mentioning this to attendees, or providing a link on the slide or in the presentation handouts.

Slide 38: This slide can be replaced with Slide 4 from the Ohio set, which highlights Stark County's Sustainability Handbook.

Slide 39: Don't forget your local Extension office! Extension agents in your county could be valuable resources for information, or may be able to point you towards other assistance. Find your local Ohio Extension agent at <http://extension.osu.edu/locate-an-office>.

Slide 103: This slide can be replaced with slide 1 from the Ohio set, which introduces the Ohio Balanced Growth Program.

Slide 92: This slide can be replaced with slide 2 from the Ohio set, which includes a picture of Ohio State University's East Regional Chiller Plant.

Slide 89: This slide can be replaced with slide 3 from the Ohio set.

Slide 74: This slide can be replaced with slide 5 from the Ohio set.

Slide 87: This slide can be replaced with slide 6 from the Ohio set.
