

Module 6: Draft Logic Model of Capstone Project

Purpose: In preparation for the January 14 - 16, 2022 workshop, please submit a draft of your capstone project logic model by 11/21/21. As part of the agenda in January, we will assist you with finalizing your logic model so that you can complete your project in time to graduate August 2022.

Instructions: Complete as many sections as you can (SMARTIE Objectives, Outcomes, Outputs, Activities, etc.) and if you need a refresher on the sections, please refer to the powerpoints presented by Julie which can be found in Workshop 1 and Workshop 2 folders. Should you need additional assistance, please email peecprogram@gmail.com to schedule a session.

Format for Submission: You may submit your logic model using the attached electronic logic model template (preferred), photo of your large logic model that you've written on/used Post-its, etc., or any other format that clearly outlines the sections of the logic model.

Due Date: 11/21/21
