In the published paper by Powell et al. the support from Pierre Flament and his lab group was not recognized properly. Please see the addition to the Acknowledgements section below. The authors apologize for neglecting this acknowledgement in the initial publication.

Acknowledgements. The authors would like to acknowledge and thank Pierre Flament and his lab group at the Department of Oceanography, School of Ocean and Earth Science and Technology (SOEST), University of Hawai‘i at Mānoa for their work in developing, deploying, and maintaining the HF radar technology and sites as well as for supplying the raw radial information.

Furthermore, the authors would like to note that we mistakenly referred to PacIOOS as the “Pacific Integrated Ocean Observing System”. This should be the “Pacific Islands Ocean Observing System”. The authors apologize for this mistake.
