NOAA nautical charts are constructed to exacting standards and are designed to promote safe navigation. Since our waterways are subject to continuous change, NOAA encourages you, the mariner, to report and submit corrections or comments for the improvement of this product to the Director, Charting and Geodetic Services (N/CG22), National Ocean Service, NOAA, Rockville, Maryland 20852. By working together, we can make our activities safer and more enjoyable.

HORIZONTAL DATUM

The horizontal reference datum of this chart is North American Datum of 1983 (NAD 83) and is considered equivalent to World Geodetic System 1984 (WGS 84) for graphical plotting purposes. Positions referred to the North American Datum of 1927 do not require conversion to NAD 83 for plotting on this chart.
