

## **PIFSC Report on the Hawaii-based Limited-access Longline Fishery from 1 January to 31 December 2015<sup>1</sup>**

Fisheries Research and Monitoring Division  
Pacific Islands Fisheries Science Center

The following tables represent effort, retained catch (kept), and discards as reported on longline logsheets for the Hawaii-based limited-access longline fishery. To satisfy confidentiality RFMO reporting standards, data from the California-based longline fishery are also included in this report. The following figures represent annual data for effort, catch (kept), and catch-per-unit-effort (CPUE) from 2000 to 2015. Effort and catch effort statistics are based on date of longline haul. Effort and catch statistics are based on logbook data submitted to the PIFSC, FRMD and represent an Oracle table LLDS\_REPORT\_STATS\_HICA database extraction done on March 1, 2016.

**Table 1.** Annual summary report of fishing effort and catch statistics for U.S. longline vessels based in Hawaii and California, as derived from NMFS Western Pacific Daily Longline Fishing Log records. Catch and effort statistics are based on date of longline haul. Data Source: PIFSC Information Management System, Longline Logbook Data.
